

1, Types of mediums ?

- * Radio
- * electrical
- * Fiber

2, Write down switch 8-pins ?

1 + R

2 - R

3 + T

4 + U

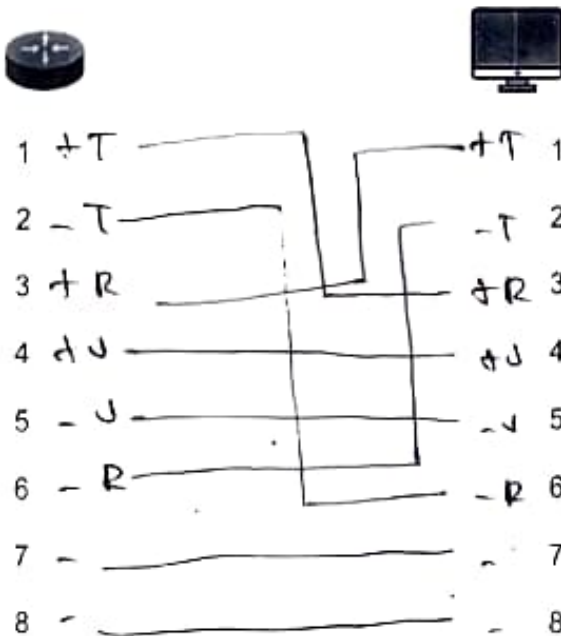

5 - U

6 - T

7 -

8 -

3, Connect utp cable between two devices

4, Explain AUTO MDIX ?

5, Explain POE injector ?

- power over ethernet
- gives power supply for end device
- Ex: CCTV

6, Explain POE switch ?

- power over ethernet
- It gives power supply to the device
- To give power supply both devices must have POE switch

7, Explain types of nic & function ?

- Network interface card
- It contains mac & ip → changeable
↳ default

types:

wired [Ethernet
fiber

wireless

- function: Binary to electric signal
* electrical signal to Binary
